

Prism Starlight Lamp - Sparkle

Using the multi-prism reflective method, the 1W Prism starlight lamp is widely used for indoor and outdoor decorative lighting applications.

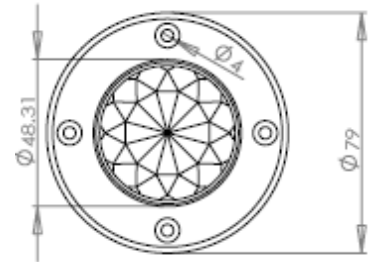

Key Features:

- Uses 1W OSRAM GOLDEN DRAGON. Available in red, amber, blue, warm white, cool white light color options.
- Multi-prisms creates decorative effect.
- 24V DC power supply
- Integral constant-current source for long-life performance.
- IP65 protection class.
- Electrical security rating III level.

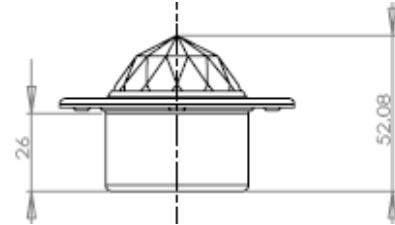

Materials:

Body : Aluminum, Grey spray paint
Multi-prisms : Artificial quartz

Light Source:

OSRAM GOLDEN DRAGON

Installation:

24VDC input , 2x1mm² rubber coated wire , 0.5m of reserve line will be connected outside the light for connection purposes.

Ordering Guide

Part No.	LED	Description	Weight (Kg)	Ordering code
SPARKLE 1GD-W	OSRAM LW W5SM	OSRAM GD 1W white, with prism, integral 350mA constant current source. Power supply Voltage is 24V DC. IP65	0.18	10142101
SPARKLE 1GD-WW	OSRAM LCW W5SM	OSRAM GD 1W warm white, with prism, integral 350mA constant current source. Power supply Voltage is 24V DC. IP65	0.18	10143101
SPARKLE 1GD-R	OSRAM LR W5SM	OSRAM GD 1W red, with prism, integral 350mA constant current source. Power supply Voltage is 24V DC. IP65	0.18	10144101
SPARKLE 1GD-Y	OSRAM LY W5SM	OSRAM GD 1W amber, with prism, integral 350mA constant current source. Power supply Voltage is 24V DC. IP65	0.18	10145101
SPARKLE 1GD-B	OSRAM LB W5SM	OSRAM GD 1W blue, with prism, integral 350mA constant current source. Power supply Voltage is 24V DC. IP65	0.18	10146101
