

Flood Light - SSPOTLED

Using specific lens, the 6W SSPOTLED, is widely used in illuminating many architectures where need to light small areas.

Key Features:

- Uses OSRAM Golden DRAGON high luminous flux LED
- Uses specific lens to produce 12° ,30° or 60° beam
- 24VDC power supply
- Integral 350mA constant current source
- IP65 rating

Materials:

Body : Aluminum, dark grey paint
Bracket: Aluminum, dark grey paint

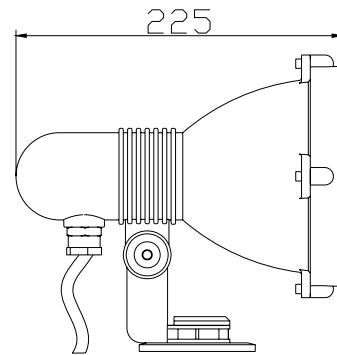

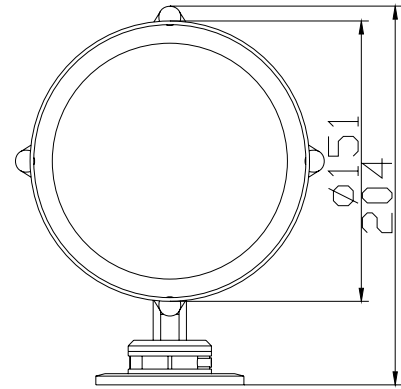

Light Source:

OSRAM GOLDEN DRAGON

Installation:

24VDC input , 2x1mm² rubber coated wire , 0.5m of reserve line will be connected outside the light for connection purposes.

Ordering Guide

Part No.	LED	Description	Product code
FLOODLED GD-W 6W	OSRAM LW W5SM	Small flood light, 6W, white color, DC 24V input, IP65	10138111
FLOODLED GD-R 6W	OSRAM LR W5SM	Small flood light, 6W, red color, DC 24V input, IP65	10138112
FLOODLED GD-Y 6W	OSRAM LY W5SM	Small flood light, 6W, yellow color, DC 24V input, IP65	10138113
FLOODLED GD-B 6W	OSRAM LB W5SM	Small flood light, 6W, blue color, DC 24V input, IP65	10138114
FLOODLED GD-G 6W	OSRAM LT W5SM	Small flood light, 6W, green color, DC24V input, IP65	10138115
